**FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD SUBMITTAL
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

SUBJECT: Notice of Completion
Corona Drains Line 7A, Stage 2
Project No. 2-0-0232

SUBMITTAL DATE: February 27, 2007

Page 2

BACKGROUND:

The Board approved a contract with KZC Construction, Inc., in the amount of \$1,569,000.00 as Agenda Item Number 11.2 on June 21, 2005. The District is in receipt of requests for additional compensation for additional work and costs associated with utility conflicts, increased contract quantities and increased material costs. The majority of the additional compensation is associated with the City of Corona's request to increase the trench asphalt pavement section within Grand Boulevard and Garretson Avenue along with the poor condition of the existing pavement within the project limits which required additional asphalt to provide an acceptable driving surface. The contractor is also requesting compensation for increased material costs during the progress of work. The total project cost is not expected to exceed \$1,900,000.00 including all the costs associated with the claims for additional compensation.

Final inspection of the above referenced project was made, and the project was found to be complete according to plans and specifications. A brief project description and location map are attached.

To be recorded with County Recorder within 10 days after completion. No recording fee.
When recorded return to: CLERK OF THE BOARD Stop No. 1010
NOTICE OF COMPLETION (Civil Code § 3093 – Public Works)

Notice is hereby given by the undersigned owner, a public entity of the State of California, that a public work of improvement has been completed, as follows:
