BACKGROUND:

The proposed renovation of the Jerry Rummonds Memorial Youth and Senior Center has been identified as a priority community need in the lower Coachella Valley. The facility has been in use for more than 30 years and is in need of upgrade and repairs that will improve accessibility and increase energy efficiency. The facility provides for many community and public uses which include: cooling center location, senior center and related support services, meeting location for the Thermal Community Council, polling place.

The Coachella Valley Unified School District will provide complete oversight for the renovation and will submit for reimbursement upon task completion. The reimbursement cost for these improvements will be paid entirely from Redevelopment Agency (DCPA) funds.

Section 33445 of the Health and Safety Code provides that a Redevelopment Agency may assist in the design or development of improvements that are of benefit to the project area or in the immediate neighborhood in which the project is located.

To expedite approval of the project I am recommending that the make the required findings and authorize the reimbursement agreement.
