THE CLERK OF THE BOARD

The Honorable Board of Supervisors

RE: Ramona Expressway Pavement Rehabilitation and Safety Project, from Fifth Street to Warren Road in the Lakeview and San Jacinto Areas.

February 2, 2011

Page 2 of 2

BACKGROUND:

By Minute Order dated December 14, 2010 (agenda item 3.58) the Board authorized the Clerk of the Board to advertise for the rehabilitation and safety improvement of a 3.5 mile segment of Ramona Expressway, from 5th Street to Warren Road. Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, January 05, 2011. Seven responsive bids were received. The lowest responsive bid was submitted by All American Asphalt in the amount of \$3,524,557. The bid is \$1,549,288 (31%) less than the Engineer's Estimate. The Transportation Improvement Program provides for the construction of the subject improvements.

This portion of Ramona Expressway carries over 20,000 vehicles per day, and the pavement is in need of significant repair. The combination of high speeds, unsafe passing, lack of driver attention, and other factors all contribute toward serious and sometimes fatal accidents on that road from time to time. The Transportation Department has recently installed radar speed feedback signs to provide reminders of driver's speed and the speed limits. This project is expected to substantially enhance roadway safety through the incorporation of various design features.

During the advertisement period, two addenda were issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge and to take into account all issued addenda on their Contractor's Proposal to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached as Addendum No. 1, and Addendum No. 2.

The bid documents included an alternate bid schedule which provides for additional storm drain improvements. The Transportation Department recommends the award of the alternate bid schedule, and to proceed with the additional culvert improvements.

The contractor is qualified and has executed the contract. The contractor has also provided performance bond, payment bond and insurance documents.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations, we agree with you to provide coverage as follows:

INSURING AGREEMENTS

- B. The Limits of Insurance shown in Item 3 of the Declarations state the most we will pay regardless of the number of Insureds, claims made or suits brought or persons or organizations making claims or bringing suits.
- C. Maintenance of Underlying Insurance

The limits of insurance of the Underlying Insurance shown in Item 4 of the Declarations shall be maintained in full effect during the period of this policy except for any reduction or exhaustion of aggregate limits contained therein solely by the payment for damages for accidents or occurrences, whichever is applicable, that take place during each annual period of this policy and that are insured by this policy.

If you fail to comply with this requirement, we will only be liable to the same extent that we would had you fully complied with this requirement.

II. Definitions
