The Honorable Board of Supervisors

RE: Resurfacing of Van Buren Boulevard from Barton Street to include the frontage of Riverside National Cemetery and associated improvements, Orangecrest area.

February 2, 2011

Page 2 of 2

BACKGROUND:

By Minute Order dated December 14, 2010 (agenda item 3.56), the Board authorized the Clerk of the Board to advertise for the pavement resurfacing of Van Buren Boulevard from Barton Street to include the frontage of the Riverside National Cemetery and associated improvements, in the Orangecrest area. Additionally, the specifications were approved by the Board within this agenda item.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge and to take into account all issued addenda on their Contractor's Proposal to be considered for award. The addendum was issued to clarify and modify the approved contract documents. The addendum is attached as Addendum No. 1.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, January 5, 2011. Eight bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsible bid was submitted by All American Asphalt in the amount of \$2,428,668 which is \$837,212 (25.64%) below the Engineer's Estimate.

Roadway resurfacing is a preventive measure which will mitigate the current deteriorated road conditions. The road improvements include cold plane and removing the existing pavement, placing new asphalt concrete pavement, constructing segments of asphalt concrete dike, and overside drains. Additional improvements include installation of detector loops, striping, pavement markings, and relocation of roadway signs; adjustment of manholes and water valves to grade, and other associated work.

This project includes the Base Bid for roadway improvements and an Alternate bid schedule 1 to adjust sewer manhole covers to grade, which are owned by the Western Municipal Water District. The District has approved the award of the alternate bid schedule as bid by the apparent low bidder, and the costs for the work will be funded by the District.

The contractor is qualified and has executed the contract. The contractor has also provided performance bond, payment bond and insurance documents.
