The Honorable Board of Supervisors

RE: Interstate 215 at Ramona Expressway/ Cajalco Expressway Interchange Project.

August 4, 2011

Page 2 of 3

BACKGROUND:

By Minute Order dated April 26, 2011 (agenda item 3.46) the Board authorized the Clerk of the Board to advertise for the reconstruction of the Interstate 215 at Ramona Expressway/ Cajalco Expressway Interchange and associated improvements, in the unincorporated Mead Valley area.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, June 01, 2011. Eight bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsive and responsible bid for all schedules of work was submitted by Powell Constructors, Inc. of Fontana, CA, in the amount of \$4,698,969. The total bid price, submitted by Powell Constructors, Inc. is \$1,042,766 (18.2%) below the Engineer's Estimate. The project will be completed within the existing budget shown on Attachment "A".

The Ramona/ Cajalco Expressway interchange is a gateway into the unincorporated Mead Valley area of the County and the City of Perris. Significant growth in the area has increased traffic beyond the capacity of the interchange which is now heavily congested during the peak hours of operation. The proposed improvements to the interchange will increase capacity and improve the daily operation for current and future traffic volumes and facilitate the movement of heavy truck traffic through the interchange. The improvements will consist of widening the existing bridge on each side to accommodate a total of four lanes of traffic, sidewalk, and shoulders. This improvement will also widen the existing diamond interchange northbound and southbound off-ramps.

The bid documents include the following schedules of work:

Base Bid: Primary items of work.

Alternative 1: Course of Construction (COC) Insurance (covering bridge improvements)

Funding for construction of these improvements is being provided from the TUMF- Central Zone, the City of Perris, and the Redevelopment Agency. Additional funding sources, as listed in Attachment "A", are for project development expenses. Use of DIF Funds were authorized on June 19, 2007 under agenda item 3.35. The City of Perris has funded the majority of the engineering work and Caltrans performed the environmental approvals.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge and to take into account all issued addenda on their Contractor's Proposal to be considered for award. The addendum was issued to clarify and modify the approved contract documents. The addendum is attached as Addendum No. 1.

The contractor is qualified.

The Contractor has executed the contract and has provided bonds which meet the requirements of the contract.

The Honorable Board of Supervisors

RE: Interstate 215 at Ramona Expressway/ Cajalco Expressway Interchange Project.

August 4, 2011

Page 3 of 3

A companion form 11 is on this same Board agenda to enter into a funding agreement with the City of Perris for their contribution.

Project Number: B8-0691

AGREEMENT

THIS AGREEMENT is entered into at Riverside, California as of the date set forth below is between County of Riverside hereafter called "County" and **Powell Constructors, Inc.** hereafter called "Contractor".

WITNESSETH

RECITALS:

1. Contractor has submitted to County his Contractor's Proposal for the construction of County Project, **Interstate 215 at Ramona Expressway/ Cajalco Expressway, Interchange Improvements, in the County of Riverside, Project No. B8-0691**, in strict accordance with the Contract Documents identified below and County has accepted said Proposal.
2. Contractor states that he has reexamined his Contractor's Proposal and found it to be correct, has ascertained that his subcontractors are properly licensed and possess the requisite skill and forces, has reexamined the site and Contract Documents and is of the opinion that he can presently do the work in accordance with the Contract Documents for the money set forth in his Proposal to be paid as provided in the Contract Documents.

AGREEMENT:

IT IS AGREED BY THE PARTIES AS FOLLOWS:

1. Contract Documents. The entire contract consists of the following: (a) The Agreement. (b) The Notice Inviting Bids. (c) The Instruction to Bidders. (d) The Contractor's Proposal. (e) The Bid Bond. (f) The Payment Bond. (g) The Performance Bond. (h) The General Conditions. (i) The Special Provisions. (j) The Standard Specifications of the State of California Department of Transportation edition of May 2006 as modified in other portions of the Contract Documents. (k) The Standard Plans of the Department of Transportation identified on the plans or in the Special Provisions. (l) The Plans. (m) Addenda No. **(one)**. (n) The Determination of Prevailing Wage Rates for Public Work. (o) Any Change Orders issued. (p) Any additional or supplemental specifications, notice, instructions and drawings issued in accordance with the provisions of the Contract Documents. All of said Documents presently in existence are by this reference incorporated herein with like effect as if here set forth in full and upon the proper issuance of other documents they shall likewise be deemed incorporated. The Bid Bond is exonerated upon execution of this Agreement and the Payment Bond and Faithful Performance Bond.
2. The Work. Contractor shall do all things necessary to construct the work generally described in Recital No. 1 in accordance with the Contract Documents.

3. Liquidated Damages and Time of Completion. Attention is directed to the provisions in Section 8-1.06, "Time of Completion", and in Section 8-1.07, "Liquidated Damages", of the Standard Specifications and these Special Provisions.

The Contractor shall begin work within 15 days of the date stated within the written "Notice to Proceed".

The Contractor shall notify the Engineer, in writing, of his intent to begin work at least 72 hours before work is begun. The notice shall be delivered to the Transportation Department's Construction Engineer and shall specify the date the Contractor intends to start. If the project has more than one location of work, a separate notice shall be given for each location.

Should the Contractor begin work in advance of receiving a written "Notice to Proceed", any work performed by him in advance of the date stated in the "Notice to Proceed" shall be considered as having been done by him at his own risk and as a volunteer and subject to the following:

- (1) The Contractor shall, on commencing operations, take all precautions required for public safety and shall observe all the provisions in the Specifications and the Special Provisions.
- (2) All work done according to the contract prior to the issuance of the "Notice to Proceed", will be considered authorized work and will be paid for as provided in the contract.
- (3) The Contractor shall not be entitled to any additional compensation or an extension of time for any delay, hindrance or interference caused by or attributable to commencement of work prior to the issuance of the "Notice to Proceed".

4. Compensation. Contractor shall be paid in the manner set forth in the Contract Documents the amount of his Proposal as accepted by County, the above rates, subject to additions and deductions as provided in the Contract Documents. Said Proposal is on file in the Office of the Clerk of the Board of Supervisors of County.

PERFORMANCE BOND

Recitals:

1. **POWELL CONSTRUCTORS, INC.** (Contractor) has entered into an Agreement dated _____ with COUNTY OF RIVERSIDE (County) for construction of public work known as **Interstate 215 at Ramona Expressway/ Cajalco Expressway Interchange Improvements, in the County of Riverside, Project No. B8-0691**
2. _____, a _____ corporation (Surety), is the Surety under this Bond.

Agreement:

We, Contractor, as Principal, and Surety, as Surety, jointly and severally agree, state, and are bound unto County, as obligee, as follows:

1. The amount of the obligation of this Bond is 100% of the estimated contract price for the Project of \$ **4,648,968.90 (Four million six hundred forty eight thousand nine hundred sixty eight dollars and ninety cents)**, and inures to the benefit of County.
2. This Bond is exonerated by Contractor doing all things to be kept and performed by it in strict conformance with the Contract Documents for the Project, otherwise it remains in full force and effect for the recovery of loss, damage and expense of County resulting from failure of Contractor to so act. All of said Contract Documents are incorporated herein.
3. This obligation is binding on our successors and assigns.
4. For value received, Surety stipulates and agrees that no change, time extension, prepayment to Contractor, alteration or addition to the terms and requirements of the Contract Documents or the work to be performed thereunder shall affect its obligations hereunder and waives notice as to such matters, except the total contract price cannot be increased by more than 10% without approval of Surety.

 AUTHORIZED REPRESENTATIVE *Glenn A. Gabriel*

IMPORTANT

If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DISCLAIMER

The Certificate of Insurance does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.

DESCRIPTIONS (Continued from Page 1)

additional insured as respects general and auto liability, this insurance is primary and noncontributory with any other insurance of the additional insured, and waiver of subrogation applies as respects workers' compensation, as required by written contract, per endorsements attached.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**ADDITIONAL INSURED – OWNERS, LESSEES OR
CONTRACTORS – COMPLETED OPERATIONS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location And Description Of Completed Operations
WHERE REQUIRED BY WRITTEN CONTRACT, BUT ONLY WHEN COVERAGE FOR COMPLETED OPERATIONS IS SPECIFICALLY REQUIRED BY THAT CONTRACT.	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

Authorized Representative

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**ADDITIONAL INSURED – OWNERS, LESSEES OR
CONTRACTORS – SCHEDULED PERSON OR
ORGANIZATION**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations
WHERE REQUIRED BY WRITTEN CONTRACT.	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

THIS ENDORSEMENT MODIFIES INSURANCE PROVIDED UNDER THE FOLLOWING:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

Name of Additional Insured Person(s)
Or Organization(s):

Location(s) of Covered Operations

As required by written contract:

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The insurance provided by this endorsement is primary insurance and we will not seek contribution from any other insurance of a like kind available to the person or organization shown in the schedule above unless the other insurance is provided by a contractor other than the person or organization shown in the schedule above for the same operation and job location. If so, we will share with that other insurance by the method described in paragraph 4.c. of Section IV - Commercial General Liability Conditions.

All other terms and conditions remain unchanged.

COUNTY OF RIVERSIDE

TRANSPORTATION AND LAND MANAGEMENT AGENCY

Juan C. Perez, P.E., T.E.
Director of Transportation

Transportation Department

ADDENDUM NUMBER 1
Dated May 23, 2011

to the
Specifications and Contract Documents
for the construction of

Interstate 215 and Ramona Expressway
In The County of Riverside, City of Perris
Project No B8-0691

Bids Due: Wednesday, June 01, 2011; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street, Riverside, CA 92501
(951) 955-6780

This Addendum is issued pursuant to the instructions to Bidders, Item No. 8, of the Contract Document for the referenced project. This Addendum is issued as a supplement to the plans, specifications and special provisions for the referenced project. Any revisions to the plans and specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Contractor's Proposal. Bidders are directed to sign this addendum as acknowledged, and attach the signed addendum to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:
www.tlma.co.riverside.ca.us/trans/con_bid_advertisements.html

MODIFICATIONS / CLARIFICATIONS TO THE PLANS FOR I-215/RAMONA EXPRESSWAY INTERCHANGE PROJECT:

Item 1: The following Plan sheets are revised by **Attachment "A"** and made part hereof:

- Revise "Temporary Water Pollution Control Quantities", sheet 24 of 193 (WPC-4)
- Revise "Drainage Details", sheet 30 of 193 (DD-1)
- Revise "Construction Area Signs", sheet 35 of 193 (CS-1)
- Revise "Stage Construction Index", sheet 39 of 193 (SC-4)

COPY

- Revise "Stage Construction and Traffic Handling Plan", sheets 45, 46, 48, 49, 50, 51, 52, 53, 54, 55, 57, 58, 59, 60 of 193 (SC-10, SC-11, SC-13, SC-14, SC-15, SC-16, SC-17, SC-18, SC-19, SC-20, SC-22, SC-23, SC-24, SC-25)
- Revise "Traffic Handling Plan", sheets 61, 64, 65 of 193 (TH-1, TH-4, TH-5)
- Revise "Stage Construction Traffic Handling Quantities", sheet 66 of 193 (THQ-1)
- Revise "Pavement Delineation", sheet 69 of 193 (PD-2)
- Revise "Pavement Delineation Quantities", sheet 71 of 193 (PDQ-1)
- Revise "Summary of Quantities", sheet 72 of 193 (Q-1)
- Revise "Sign Plan", sheets 73, 74 of 193 (S-1, S-2)
- Revise "Sign Detail", sheets 76, 77, 78, 79 of 193 (SD-1, SD-2, SD-3, SD-4)
- Revise "Sign Quantities", sheets 81, 82, 83, 84 of 193 (SQ-1, SQ-2, SQ-3, SQ-4)
- Revise "Retaining Wall Quantities", sheet 86 of 193 (RQ-1)
- Revise "Electrical Plans", sheets 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111 of 193 (E-1, E-2, E-3, E-4, E-5, E-6, E-7, E-8, E-9, E-10, E-11, E-12, E-13, E-14)

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS

Item 2: Revised Proposal. Refer to "Proposal" pages B3-B8. Proposal (pages B3-B8) is deleted and replaced with revised "Proposal" attached herewith as **Attachment "B"**. The following additional changes have been made to the Proposal Schedules:

- a. "Estimated Quantities" are revised from the following bid items:
 - Item 3, "CONSTRUCTION ZONE ENHANCED ENFORCEMENT PROGRAM (COZEEP)"
 - Item 9, "TEMPORARY FIBER ROLL"
 - Item 14, "TEMPORARY CHECK DAM"
 - Item 16, "TEMPORARY HYDRAULIC MULCH (BONDED FIBER MATRIX)"
 - Item 20, "TYPE II BARRICADE"
 - Item 21, "TYPE III BARRICADE"
 - Item 22, "TEMPORARY PAVEMENT MARKING (PAINT)"
 - Item 23, "TEMPORARY TRAFFIC STRIPE (PAINT)"
 - Item 24, "CHANNELIZER (SURFACE MOUNTED)"
 - Item 26, "TEMPORARY RAILING (TYPE K)"
 - Item 27, "TEMPORARY CRASH CUSHION MODULE"

- Item 28, "TEMPORARY TRAFFIC SCREEN"
- Item 29, "REMOVE YELLOW PAINTED TRAFFIC STRIPE (HAZARDOUS WASTE)"
- Item 33, "REMOVE ROADSIDE SIGN"
- Item 37, "REMOVE INLET"
- Item 38, "RELOCATE ROADSIDE SIGN-ONE POST"
- Item 39, "RELOCATE ROADSIDE SIGN-TWO POST"
- Item 53, "IMPORTED BORROW [INCLUDING SHOULDER BACKING]"
- Item 69, "SEAL ISOLATION JOINT"
- Item 75, "STRUCTURE CONCRETE (RETAINING WALL)"
- Item 83, "JOINT SEAL (TYPE B-MR 1 ½)"
- Item 93, "FURNISH LAMINATED PANEL SIGN (1"-TYPE A)"
- Item 95, "ROADSIDE SIGN-ONE POST"
- Item 98, "INSTALL PANEL (TYPE A)"
- Item 132, "THERMOPLASTIC PAVEMENT MARKING"
- Item 133, "4" THERMOPLASTIC TRAFFIC STRIPE (BROKEN 17-7) – SPRAYABLE"

b. The following bid items have been added:

- Item 143, "CLEAN EXPANSION JOINT"
- Item 144, "ASBESTOS COMPLIANCE"

c. The following bid items have been deleted:

- Item 105, "WELDED STEEL PIPE CASING (BRIDGE)"

Item 3: Revision of Payments. Refer to Section 10-1.09, "Payment" on page 78. Add the following item to list on page 78.

J. Type B Joint Sealant

Item 4: Revision of Move-in/Move-out (Erosion Control). Refer to Section 10-1.53, "MOVE-IN/MOVE-OUT (EROSION CONTROL)" on page 213. The third paragraph is deleted and replaced with the following:

"The contract unit price paid for move-in/move-out (Erosion Control) shall include full compensation for furnishing all labor, materials (excluding erosion control materials), tools, water, equipment, and incidentals and for doing all the work involved in moving in and removing from the project all personnel and equipment necessary for application of erosion control (hydroseed), as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 5: Revision of Welded Steel Pipe Casing (Bridge). Page 307. Section 10-1.91 "Welded Steel Pipe Casing (Bridge)" is deleted.

Item 6: Revision of Erosion Control (Hydroseed). Refer to Section 10-1.54 "EROSION CONTROL (HYDROSEED)", Section "Materials", the subsection "Organic Fertilizer", page 215. The subsection "Organic Fertilizer" is deleted.

Item 7: Revision to Structure Approach Slabs (Type R). Refer to Section 10-1.70 "Structure Approach Slabs (Type R)", Section "Measurement and Payment" on page 274. Delete the first paragraph.

Item 8: Revision of Sealing Joints. Refer to Section 10-1.73, "Sealing Joints" on page 276. Add the following paragraphs.

"The work shall also include placing new joint seal at existing joints where shown on the plans.

Saw cutting of grooves will be required at existing joints where the Type B joint seal will be replaced.

The contract price paid per linear foot for Seal Pavement Joints and Seal Isolation Joints shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in placing new joint seal at existing joints, including protecting, repairing and saw cutting joints, complete-in-place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 9: Revision of Corrugated Metal Pipe. Refer to Section 10-1.88, "CORRUGATED METAL PIPE" on page 304. The third paragraph is deleted and replaced with the following:

"Corrugated steel pipe and corrugated steel pipe inlets shall be fabricated from zinc-coated steel sheet, and have material thicknesses and coatings that are consistent with the Alternate Pipe Culvert table shown on the Drainage Quantity Sheet."

Item 10: Revision of Slope Protection. Refer to Section 10-1.92, "SLOPE PROTECTION" on page 308. The second paragraph is deleted and replaced with the following:

"Rock slope protection fabric must be Class 8 and RSP fabric must be a permeable, nonwoven, needle-punched geotextile. The fabric must be manufactured from one of the following:

- 1. Polyester*
- 2. Polypropylene*
- 3. Combined polyester and polypropylene*

Polymers must be either virgin compounds or clean reworked material. Do not

subject virgin compounds to use or processing other than required for initial manufacture. Clean reworked material must be previously processed material from the processor's own production that has been reground, pelletized, or solvated. The fabric must not contain more than 20 percent of clean reworked material by weight. Do not use recycled materials from either post-consumer or post-industrial sources.

Where shown in the plans "Type A RSP Fabric" shall be substituted with Class 8 RSP Fabric.

When tested under the referenced ASTMs, the properties of Class 8 or Class 10 RSP fabric must have the values shown in the following table:

RSP Fabric			
Property	Test	Values	
		Class 8	Class 10
Mass, oz/yd ² Min	ASTM D 5261	7.5	9.5
Grab breaking load, lb, 1-inch grip min, in each direction	ASTM D 4632	200	250
Apparent elongation, % min, in each direction	ASTM D 4632	50	50
Permittivity, sec ⁻¹ , Min	ASTM D 4491	1.0	0.70
Apparent opening size, U.S. Standard sieve size: min and max	ASTM D 4751	70-100	70-100
Ultraviolet resistance, % min retained grab breaking load, 500 hr.	ASTM D 4355	70	70

Item 11: Revision of Maintaining Existing and Temporary Electrical Systems. Refer to Section 10-3.03 "Maintaining Existing and Temporary Electrical Systems", on page 334. The first two paragraphs are deleted and replaced with the following:

Maintaining existing and temporary electrical systems shall conform to the provisions in Section 86-1.06 "Maintaining Existing and Temporary Electrical Systems" and these Special Provisions. Attention is also directed to Section 86-7 "Removing, Reinstalling or Salvaging Electrical Equipment" of the Standard Specifications.

Existing traffic signals shall be maintained and operational at all times, unless specifically allowed by the Engineer. Traffic signals shall be provided with full traffic actuation for all lanes and all approaches of traffic. Additionally, temporary or re-routed power sources for temporary traffic signals shall be the responsibility of the contractor.

The Contractor shall request prior authorization from the Engineer for each traffic signal system shutdown. Traffic signal system shutdown shall be coordinated

through the Engineer, and shall be kept to a minimum, as determined by the Engineer.

The Contractor may request authorization from the Engineer to use temporary overhead conductors for temporary traffic signal operation. Statutory line-height requirements shall be maintained at all times.

Traffic signal system shutdowns shall be limited to periods between the hours of 9:00 a.m. and 4:00 p.m., or as otherwise allowed by the Engineer.

Lighting and sign illumination systems shall be maintained during hours of darkness.

The Contractor shall submit plans or details for temporary traffic signals, or temporary alterations to traffic signals, to the Engineer for approval at least 7 calendar days in advance of the intended date of implementation.

The Contractor shall place "Stop Ahead" and "Stop" signs to direct vehicle and pedestrian traffic through the intersection during traffic signal shutdown. Temporary "Stop Ahead" and "Stop" signs shall be either covered or removed when the system is turned on.

"Stop Ahead" and "Stop" signs shall be furnished by the Contractor and shall conform to the provisions in Section 12-3.06, "Construction Area Signs" of the Standard Specifications. Minimum size of "Stop" signs shall be 48 inches.

One "Stop Ahead" sign and one "Stop" sign shall be placed for each direction of traffic. For two lanes approaches, two "Stop" signs shall be placed. Location of the signs shall be as directed by the Engineer.

"Stop Ahead" signs shall be supplemented with portable flashing beacons, which shall meet the requirements of Section 12-3.05 "Portable Flashing Beacons" of the Standard Specifications.

During periods of traffic signals or beacon shutdowns, existing flashing beacons shall be supplemented with portable flashing beacons, which shall meet the requirements of Section 12-3.05 "Portable Flashing Beacons" of the Standard Specifications. If directed by the Engineer, the contractor shall furnish, connect, and maintain a generator for temporary operation of the traffic signal. The Contractor shall fully coordinate and cooperate with the County's traffic signal maintenance forces in all matters pertaining to the operation of existing traffic signal equipment.

Measurement and Payment

Full compensation, except as otherwise provided herein, for conforming to the requirements of this article shall be considered as included in the lump sum price paid for the Modify Signals and Lighting, including all labor, equipment, materials and incidentals, and no additional compensation will be allowed therefor.

Item 12: Revision of Light Emitting Diode Signal Module. Refer to Section 10-3.13 "Light Emitting Diode Signal Module", page 342. Subsection "Red and Yellow Flashing LED Signal Module" is deleted, page 347.

Item 13: Tack Coat (Paint Binder). The following Special Provisions are added and made part hereof:

GENERAL

Summary

This work includes applying liquid tack coat. The Engineer designates areas receiving tack coat.

Comply with Section 39, "Hot Mix Asphalt," of the Amendments to the Standard Specifications.

MATERIALS

Liquid asphalt for tack coat must be Grade SS-1h.

CONSTRUCTION

Apply as specified in Section 39-1.02B, "Tack Coat," of the Amendments to the Standard Specifications.

MEASUREMENT AND PAYMENT

Full compensation for furnishing and applying the tack coat is included in the contract price paid per ton for Hot Mix Asphalt and no separate payment will be made therefore.

Item 14: Air Quality - NESHAP Asbestos Notification. The following Special Provisions are added and made part hereof:

In compliance with Standard Specifications Section **14-9.01**, the Contractor must notify the Air Pollution Control District (APCD) or Air Quality Management District (AQMD) identified below as required by the National Emission Standards for Hazardous Air Pollutants (NESHAP) at 40 CFR Part 61, Subpart M, and California Health and Safety Code section 39658(b)(1). A copy of the notification form and attachments must be provided to the Engineer prior to submittal. Notification must take place a minimum of 10 working days prior to starting demolition or renovation activities as defined in the NESHAP regulations. Notification forms and other information are available from the air district at the address below.

South Coast Air Quality Management District
21865 Copley Drive, Diamond Bar, CA 91765-4182
Telephone: 909-396-2000

Forms and information may also be obtained from the air district's web site at:

<http://www.arb.ca.gov/capcoa/roster.htm>

The contractor must mail or otherwise deliver the original notification form with any necessary attachments to:

**South Coast Air Quality Management District
Asbestos Notifications, File #55641
Los Angeles, CA 90074-5641**

The contractor must also notify other local permit agencies and utility companies prior to starting any demolition activities. A copy of the notification form and attachments must be provided to the Engineer a minimum of 30 days prior to the start of work.

If the Contractor does not receive direction from the Engineer within 20 days after submittal that changes to the notification are required, or written confirmation of receipt and approval by the local APCD or AQMD, then an extension of time commensurate with the delay in completion of the work thus caused will be granted and the Contractor will be relieved from any claim for liquidated damages, or engineering and inspection charges or other penalties for the period covered by that extension of time; provided that the Contractor notifies the Engineer in writing of the causes of delay within 15 days from the beginning of the delay. The Engineer will ascertain the facts and the extent of the delay, and the Engineer's findings thereof must be final and conclusive.

Measurement and Payment

Full compensation for handling earth material containing lead, as described in this Special Provision, is included in the contract lump sum price paid for Asbestos Compliance and no additional compensation will be allowed.

Item 15: Earth Material Containing Lead. The following Special Provisions are added and made part hereof:

General

This work includes handling earth material containing lead under the Standard Specifications and these special provisions.

Submittals

Submit a lead compliance plan under Section 7-1.07, "Lead Compliance Plan," of the Standard Specifications.

Project Conditions

Lead is present in earth material within the project limits at average concentrations below 1,000 mg/kg total lead and below 5 mg/l soluble lead. Earth material within the project limits:

1. Is not a hazardous waste
2. Does not require disposal at a permitted landfill or solid waste disposal facility

Lead has been detected in earth material in unpaved areas of the highway. Levels of lead found within the project limits range from less than 5.0 to 37 mg/kg total lead with an average concentration of 14 mg/kg total lead as analyzed by EPA Test Method 6010 or EPA Test Method 7000 series and based upon a 95% Upper Confidence Limit. Levels of lead found within the project limits have a predicted average soluble concentration of 0.01 mg/l as analyzed by the California Waste Extraction Test and based upon a 95% Upper Confidence Limit.

Construction

Handle earth material containing lead under all applicable laws, rules, and regulations, including those of the following agencies:

1. Cal/OSHA
2. CA Regional Water Quality Control Board, Region _8-Santa Ana
3. CA Department of Toxic Substances Control

If earth material is disposed of:

1. Dispose of under Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications
2. Disclose the lead concentration of the earth material to the receiving property owner when obtaining authorization for disposal on the property
3. Obtain the receiving property owner's acknowledgment of lead concentration disclosure in the written authorization for disposal
4. You are responsible for any additional sampling and analysis required by the receiving property owner

If you choose to dispose of earth material at a commercial landfill:

1. Transport it to a Class III or Class II landfill appropriately permitted to receive the material
2. You are responsible for identifying the appropriately permitted landfill to receive the earth material and for all associated trucking and disposal costs including any additional sampling and analysis required by the receiving landfill.

Measurement and Payment

Full compensation for handling earth material containing lead, as described in this Special Provision, is included in the contract lump sum price paid for Lead Compliance Plan and no additional compensation will be allowed.

Item 16: Clean Expansion Joint. The following Special Provisions are added and made part hereof:

"All deck joints shown on the plans to be cleaned shall be cleaned as specified herein.

Cleaning shall include removal of all existing seal material, dirt, debris, damaged waterstop, and joint filler, and shall be accomplished by methods that do not damage existing sound concrete surfaces.

Joint size shall be verified after the joint has been cleaned.

The Contractor shall take necessary precautions to ensure that material removed from expansion joints does not fall onto public traffic, beneath the bridges. The Contractor shall submit for the Engineer's approval, details for preventing material, equipment, or debris from falling onto traffic.

Joints shall be cleaned above the waterstop, if it exists, to the depth shown on the plans.

Joints without waterstops and joints with waterstops with existing damage or damage caused by the Contractor, shall be cleaned down to the paving notch, unless otherwise directed by the Engineer.

All joint damage shall be repaired as directed by the Engineer.

Cleaning joints below existing damaged waterstops, if it exists, and repairing existing joint damage will be paid for as extra work as provided in Section 4-1.03D, "Extra Work," of the Standard Specifications. The cost of repairing damage caused by the Contractor's operations shall be borne by the Contractor.

Materials removed from the expansion joint, except for surface dust, shall be recovered and disposed of away from the site in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications.

Cleaning expansion joints will be measured by the linear foot for the length of the deck joint as shown on the plans.

Measurement and Payment

The contract price paid per linear foot for clean expansion joint shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in cleaning expansion joints, complete in place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 17: Revision of Standard Plans List.

Refer to Standard Plans List, "Electrical Systems – Lighting Standards" section, page 370. The following standard plan is added and made part hereof:

ES-6F Electrical Systems (Lighting Standard, Types 30 and 31, Slip Base Plate Details)

Refer to Standard Plans List, "Electrical Systems – Signal and Lighting Standards" section, page 371. The following standard plan is added and made part hereof:

RSP ES-7B Electrical Systems (Signal and Lighting Standard – Type 1 Standards and Equipment Numbering)

Refer to Standard Plans List, "Electrical Systems – Signal and Lighting Standards" section, page 371. The following standard plans are deleted:

RSP ES-7D Electrical Systems (Signal and Lighting Standard – Case 2 Arm Loading, Wind Velocity = 100 mph, Arm Lengths 15' to 30')

RSP ES-7E Electrical Systems (Signal and Lighting Standard – Case 3 Arm Loading, Wind Velocity = 100 mph, Arm Lengths 15' to 45')

Item 18: Edison Line Extension. Attention is directed to Section 10-1.47 "Electrical Line Extension", on page 196. The twelfth paragraph states the following, "The SCE's line extension plan will be issued at a later date by Addendum or by Contract Change Order".

Preliminary SCE line extension plans, consisting of three sheets, are attached, designated as **Attachment "C"**, and are made a part hereof. Final plans are anticipated to be consistent with **Attachment "C"**, and will be provided to the successful contractor upon receipt by the County

Item 19: Remove Proposed Monument

Refer to Sheet 74 of 193 (S-2), the "Prop MONUMENT" is removed from the plan located adjacent to the "SB OFF-RAMP (RAM4)".

The addendum for Interstate 215 at Ramona Expressway Interchange Improvement Projects has been prepared under the direction of the following registered Civil Engineers:

CONTRACTOR'S PROPOSAL

TO: COUNTY OF RIVERSIDE

DATE: 06/01/11

hereafter called "County":

BIDDER: Powell Constructors, Inc.
(hereafter called "Contractor")

THE UNDERSIGNED, Contractor, having carefully examined the site and the Contract Documents for the construction of INTERSTATE 215 AT RAMONA EXPRESSWAY/ CAJALCO EXPRESSWAY, INTERCHANGE IMPROVEMENTS, IN THE COUNTY OF RIVERSIDE, PROJECT No. B8-0691 hereby proposes to construct the work in accordance with the Contract Documents, including Addenda Nos. 1 for the amount stated in this Proposal.

By submitting this Proposal, Contractor agrees with County:

1. That unless withdrawn in person by Contractor or some person authorized in writing by Contractor not by telephone or telegram before the time specified in the Notice Inviting Bids for the public opening of bids, this Proposal constitutes an irrevocable offer for 90 calendar days after that date.
2. County has the right to reject any or all Proposals and to waive any irregularities or informalities contained in a Proposal.
3. To execute the Agreement and deliver the Faithful Performance Bond, Payment Bond and Insurance Certificate with endorsements, which comply with the requirements set forth in the Instructions to Bidders and General Conditions, within ten (10) working days of the date of the Notice of Acceptance of Proposal and Intent to Award as issued by the County of Riverside.
4. That the contract shall be awarded upon a resolution or minute order to that effect duly adopted by the governing body of County; and that execution of the Contract Documents shall constitute a written memorial thereof.
5. To submit to County such information as County may require to determine whether a particular Proposal is the lowest responsible bid submitted.

6. That the accompanying certified or cashier's check or Bid Bond is in an amount not less than 10% of the total bid submitted and constitutes a guarantee that if awarded the contract, Contractor will execute the Agreement and deliver the required bonds within ten (10) days after notice of award. If Contractor fails to execute and deliver said documents, the check or bond is to be charged with the costs of the resultant damages to County, including but not limited to publication costs, the difference in money between the amount bid and the amount in excess of the bid which it costs County to do or cause to be done the work involved, lease and rental costs, additional salaries and overhead, increased interest and costs of funding the project, attorney expense, additional engineering and architectural expense and cost of maintaining or constructing alternate facilities occasioned by the failure to execute and deliver said documents.
7. By signing this proposal the Contractor certifies that the representations made therein are made under penalty of perjury.

AFFIDAVIT FOR JOINT VENTURE OR COPARTNERSHIP CONTRACTOR

Declares as follows:

That he or she is a member of the joint venture or copartnership firm designated as _____ which is the party making the foregoing proposal or bid; that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding; that the bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder, or to secure any advantage against the County of Riverside or anyone interested in the proposed contract; that all statements contained in the bid are true; and, further, that the bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository or to any member or agent thereof to effectuate a collusive or sham bid.

That he has been and is duly vested with authority to make and sign instruments for the joint venture or copartnership by _____ who constitute the other members of the joint venture or copartnership.

I declare, under penalty of perjury, that the foregoing is true and correct.

AFFIDAVIT FOR CORPORATE CONTRACTOR

Michael B. Powell declares as follows:

That he or she is President of Powell Constructors, Inc. a corporation which is the party making the foregoing proposal or bid; that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding; that the bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder, or to secure any advantage against the County of Riverside or anyone interested in the proposed contract; that all statements contained in the bid are true; and, further, that the bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

I declare, under penalty of perjury, that the foregoing is true and correct.

ACKNOWLEDGMENT

State of California
County of San Bernardino

On June 1, 2011 before me, Sherri Evans, Notary Public
(insert name and title of the officer)

personally appeared Michael B. Powell,
who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are
subscribed to the within instrument and acknowledged to me that he/~~she~~/they executed the same in
his/~~her~~/their authorized capacity(ies), and that by his/~~her~~/their signature(s) on the instrument the
person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing
paragraph is true and correct.

WITNESS my hand and official seal.

Signature

Sherri Evans

COUNTY OF RIVERSIDE TRANSPORTATION AND LAND MANAGEMENT AGENCY

Juan C. Perez, P.E., T.E.
Director of Transportation

Transportation Department

ADDENDUM NUMBER 1

Dated May 23, 2011

to the
Specifications and Contract Documents
for the construction of

Interstate 215 and Ramona Expressway
In The County of Riverside, City of Perris
Project No B8-0691

Bids Due: **Wednesday, June 01, 2011; 2:00 p.m.**
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

This Addendum is issued pursuant to the instructions to Bidders, Item No. 8, of the Contract Document for the referenced project. This Addendum is issued as a supplement to the plans, specifications and special provisions for the referenced project. Any revisions to the plans and specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Contractor's Proposal. Bidders are directed to sign this addendum as acknowledged, and attach the signed addendum to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:
www.tlma.co.riverside.ca.us/trans/con_bid_advertisements.html

MODIFICATIONS / CLARIFICATIONS TO THE PLANS FOR I-215/RAMONA EXPRESSWAY INTERCHANGE PROJECT:

Item 1: The following Plan sheets are revised by **Attachment "A"** and made part hereof:

- Revise "Temporary Water Pollution Control Quantities", sheet 24 of 193 (WPC-4)
- Revise "Drainage Details", sheet 30 of 193 (DD-1)
- Revise "Construction Area Signs", sheet 35 of 193 (CS-1)
- Revise "Stage Construction Index", sheet 39 of 193 (SC-4)

- Revise "Stage Construction and Traffic Handling Plan", sheets 45, 46, 48, 49, 50, 51, 52, 53, 54, 55, 57, 58, 59, 60 of 193 (SC-10, SC-11, SC-13, SC-14, SC-15, SC-16, SC-17, SC-18, SC-19, SC-20, SC-22, SC-23, SC-24, SC-25)
- Revise "Traffic Handling Plan", sheets 61, 64, 65 of 193 (TH-1, TH-4, TH-5)
- Revise "Stage Construction Traffic Handling Quantities", sheet 66 of 193 (THQ-1)
- Revise "Pavement Delineation", sheet 69 of 193 (PD-2)
- Revise "Pavement Delineation Quantities", sheet 71 of 193 (PDQ-1)
- Revise "Summary of Quantities", sheet 72 of 193 (Q-1)
- Revise "Sign Plan", sheets 73, 74 of 193 (S-1, S-2)
- Revise "Sign Detail", sheets 76, 77, 78, 79 of 193 (SD-1, SD-2, SD-3, SD-4)
- Revise "Sign Quantities", sheets 81, 82, 83, 84 of 193 (SQ-1, SQ-2, SQ-3, SQ-4)
- Revise "Retaining Wall Quantities", sheet 86 of 193 (RQ-1)
- Revise "Electrical Plans", sheets 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111 of 193 (E-1, E-2, E-3, E-4, E-5, E-6, E-7, E-8, E-9, E-10, E-11, E-12, E-13, E-14)

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS

Item 2: Revised Proposal. Refer to "Proposal" pages B3-B8. Proposal (pages B3-B8) is deleted and replaced with revised "Proposal" attached herewith as **Attachment "B"**. The following additional changes have been made to the Proposal Schedules:

- a. "Estimated Quantities" are revised from the following bid items:
 - Item 3, "CONSTRUCTION ZONE ENHANCED ENFORCEMENT PROGRAM (COZEEP)"
 - Item 9, "TEMPORARY FIBER ROLL"
 - Item 14, "TEMPORARY CHECK DAM"
 - Item 16, "TEMPORARY HYDRAULIC MULCH (BONDED FIBER MATRIX)"
 - Item 20, "TYPE II BARRICADE"
 - Item 21, "TYPE III BARRICADE"
 - Item 22, "TEMPORARY PAVEMENT MARKING (PAINT)"
 - Item 23, "TEMPORARY TRAFFIC STRIPE (PAINT)"
 - Item 24, "CHANNELIZER (SURFACE MOUNTED)"
 - Item 26, "TEMPORARY RAILING (TYPE K)"
 - Item 27, "TEMPORARY CRASH CUSHION MODULE"

- Item 28, "TEMPORARY TRAFFIC SCREEN"
- Item 29, "REMOVE YELLOW PAINTED TRAFFIC STRIPE (HAZARDOUS WASTE)"
- Item 33, "REMOVE ROADSIDE SIGN"
- Item 37, "REMOVE INLET"
- Item 38, "RELOCATE ROADSIDE SIGN-ONE POST"
- Item 39, "RELOCATE ROADSIDE SIGN-TWO POST"
- Item 53, "IMPORTED BORROW [INCLUDING SHOULDER BACKING]"
- Item 69, "SEAL ISOLATION JOINT"
- Item 75, "STRUCTURE CONCRETE (RETAINING WALL)"
- Item 83, "JOINT SEAL (TYPE B-MR 1 ½)"
- Item 93, "FURNISH LAMINATED PANEL SIGN (1"-TYPE A)"
- Item 95, "ROADSIDE SIGN-ONE POST"
- Item 98, "INSTALL PANEL (TYPE A)"
- Item 132, "THERMOPLASTIC PAVEMENT MARKING"
- Item 133, "4" THERMOPLASTIC TRAFFIC STRIPE (BROKEN 17-7) – SPRAYABLE"

b. The following bid items have been added:

- Item 143, "CLEAN EXPANSION JOINT"
- Item 144, "ASBESTOS COMPLIANCE"

c. The following bid items have been deleted:

- Item 105, "WELDED STEEL PIPE CASING (BRIDGE)"

Item 3: Revision of Payments. Refer to Section 10-1.09, "Payment" on page 78. Add the following item to list on page 78.

J. Type B Joint Sealant

Item 4: Revision of Move-in/Move-out (Erosion Control). Refer to Section 10-1.53, "MOVE-IN/MOVE-OUT (EROSION CONTROL)" on page 213. The third paragraph is deleted and replaced with the following:

"The contract unit price paid for move-in/move-out (Erosion Control) shall include full compensation for furnishing all labor, materials (excluding erosion control materials), tools, water, equipment, and incidentals and for doing all the work involved in moving in and removing from the project all personnel and equipment necessary for application of erosion control (hydroseed), as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 5: Revision of Welded Steel Pipe Casing (Bridge). Page 307. Section 10-1.91 "Welded Steel Pipe Casing (Bridge)" is deleted.

Item 6: Revision of Erosion Control (Hydroseed). Refer to Section 10-1.54 "EROSION CONTROL (HYDROSEED)", Section "Materials", the subsection "Organic Fertilizer", page 215. The subsection "Organic Fertilizer" is deleted.

Item 7: Revision to Structure Approach Slabs (Type R). Refer to Section 10-1.70 "Structure Approach Slabs (Type R)", Section "Measurement and Payment" on page 274. Delete the first paragraph.

Item 8: Revision of Sealing Joints. Refer to Section 10-1.73, "Sealing Joints" on page 276. Add the following paragraphs.

"The work shall also include placing new joint seal at existing joints where shown on the plans.

Saw cutting of grooves will be required at existing joints where the Type B joint seal will be replaced.

The contract price paid per linear foot for Seal Pavement Joints and Seal Isolation Joints shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in placing new joint seal at existing joints, including protecting, repairing and saw cutting joints, complete-in-place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 9: Revision of Corrugated Metal Pipe. Refer to Section 10-1.88, "CORRUGATED METAL PIPE" on page 304. The third paragraph is deleted and replaced with the following:

"Corrugated steel pipe and corrugated steel pipe inlets shall be fabricated from zinc-coated steel sheet, and have material thicknesses and coatings that are consistent with the Alternate Pipe Culvert table shown on the Drainage Quantity Sheet."

Item 10: Revision of Slope Protection. Refer to Section 10-1.92, "SLOPE PROTECTION" on page 308. The second paragraph is deleted and replaced with the following:

"Rock slope protection fabric must be Class 8 and RSP fabric must be a permeable, nonwoven, needle-punched geotextile. The fabric must be manufactured from one of the following:

- 1. Polyester*
- 2. Polypropylene*
- 3. Combined polyester and polypropylene*

Polymers must be either virgin compounds or clean reworked material. Do not

subject virgin compounds to use or processing other than required for initial manufacture. Clean reworked material must be previously processed material from the processor's own production that has been reground, pelletized, or solvated. The fabric must not contain more than 20 percent of clean reworked material by weight. Do not use recycled materials from either post-consumer or post-industrial sources.

Where shown in the plans "Type A RSP Fabric" shall be substituted with Class 8 RSP Fabric.

When tested under the referenced ASTMs, the properties of Class 8 or Class 10 RSP fabric must have the values shown in the following table:

RSP Fabric

Property	Test	Values	
		Class 8	Class 10
Mass, oz/yd ² Min	ASTM D 5261	7.5	9.5
Grab breaking load, lb, 1-inch grip min, in each direction	ASTM D 4632	200	250
Apparent elongation, % min, in each direction	ASTM D 4632	50	50
Permittivity, sec ⁻¹ , Min	ASTM D 4491	1.0	0.70
Apparent opening size, U.S. Standard sieve size: min and max	ASTM D 4751	70-100	70-100
Ultraviolet resistance, % min retained grab breaking load, 500 hr.	ASTM D 4355	70	70

- Item 11: Revision of Maintaining Existing and Temporary Electrical Systems.** Refer to Section 10-3.03 "Maintaining Existing and Temporary Electrical Systems", on page 334. The first two paragraphs are deleted and replaced with the following:

Maintaining existing and temporary electrical systems shall conform to the provisions in Section 86-1.06 "Maintaining Existing and Temporary Electrical Systems" and these Special Provisions. Attention is also directed to Section 86-7 "Removing, Reinstalling or Salvaging Electrical Equipment" of the Standard Specifications.

Existing traffic signals shall be maintained and operational at all times, unless specifically allowed by the Engineer. Traffic signals shall be provided with full traffic actuation for all lanes and all approaches of traffic. Additionally, temporary or re-routed power sources for temporary traffic signals shall be the responsibility of the contractor.

The Contractor shall request prior authorization from the Engineer for each traffic signal system shutdown. Traffic signal system shutdown shall be coordinated

through the Engineer, and shall be kept to a minimum, as determined by the Engineer.

The Contractor may request authorization from the Engineer to use temporary overhead conductors for temporary traffic signal operation. Statutory line-height requirements shall be maintained at all times.

Traffic signal system shutdowns shall be limited to periods between the hours of 9:00 a.m. and 4:00 p.m., or as otherwise allowed by the Engineer.

Lighting and sign illumination systems shall be maintained during hours of darkness.

The Contractor shall submit plans or details for temporary traffic signals, or temporary alterations to traffic signals, to the Engineer for approval at least 7 calendar days in advance of the intended date of implementation.

The Contractor shall place "Stop Ahead" and "Stop" signs to direct vehicle and pedestrian traffic through the intersection during traffic signal shutdown. Temporary "Stop Ahead" and "Stop" signs shall be either covered or removed when the system is turned on.

"Stop Ahead" and "Stop" signs shall be furnished by the Contractor and shall conform to the provisions in Section 12-3.06, "Construction Area Signs" of the Standard Specifications. Minimum size of "Stop" signs shall be 48 inches.

One "Stop Ahead" sign and one "Stop" sign shall be placed for each direction of traffic. For two lanes approaches, two "Stop" signs shall be placed. Location of the signs shall be as directed by the Engineer.

"Stop Ahead" signs shall be supplemented with portable flashing beacons, which shall meet the requirements of Section 12-3.05 "Portable Flashing Beacons" of the Standard Specifications.

During periods of traffic signals or beacon shutdowns, existing flashing beacons shall be supplemented with portable flashing beacons, which shall meet the requirements of Section 12-3.05 "Portable Flashing Beacons" of the Standard Specifications. If directed by the Engineer, the contractor shall furnish, connect, and maintain a generator for temporary operation of the traffic signal. The Contractor shall fully coordinate and cooperate with the County's traffic signal maintenance forces in all matters pertaining to the operation of existing traffic signal equipment.

Measurement and Payment

Full compensation, except as otherwise provided herein, for conforming to the requirements of this article shall be considered as included in the lump sum price paid for the Modify Signals and Lighting, including all labor, equipment, materials and incidentals, and no additional compensation will be allowed therefor.

Item 12: Revision of Light Emitting Diode Signal Module. Refer to Section 10-3.13 "Light Emitting Diode Signal Module", page 342. Subsection "Red and Yellow Flashing LED Signal Module" is deleted, page 347.

Item 13: Tack Coat (Paint Binder). The following Special Provisions are added and made part hereof:

GENERAL

Summary

This work includes applying liquid tack coat. The Engineer designates areas receiving tack coat.

Comply with Section 39, "Hot Mix Asphalt," of the Amendments to the Standard Specifications.

MATERIALS

Liquid asphalt for tack coat must be Grade SS-1h.

CONSTRUCTION

Apply as specified in Section 39-1.02B, "Tack Coat," of the Amendments to the Standard Specifications.

MEASUREMENT AND PAYMENT

Full compensation for furnishing and applying the tack coat is included in the contract price paid per ton for Hot Mix Asphalt and no separate payment will be made therefore.

Item 14: Air Quality - NESHAP Asbestos Notification. The following Special Provisions are added and made part hereof:

In compliance with Standard Specifications Section **14-9.01**, the Contractor must notify the Air Pollution Control District (APCD) or Air Quality Management District (AQMD) identified below as required by the National Emission Standards for Hazardous Air Pollutants (NESHAP) at 40 CFR Part 61, Subpart M, and California Health and Safety Code section 39658(b)(1). A copy of the notification form and attachments must be provided to the Engineer prior to submittal. Notification must take place a minimum of 10 working days prior to starting demolition or renovation activities as defined in the NESHAP regulations. Notification forms and other information are available from the air district at the address below.

**South Coast Air Quality Management District
21865 Copley Drive, Diamond Bar, CA 91765-4182
Telephone: 909-396-2000**

Forms and information may also be obtained from the air district's web site at:

<http://www.arb.ca.gov/capcoa/roster.htm>

The contractor must mail or otherwise deliver the original notification form with any necessary attachments to:

**South Coast Air Quality Management District
Asbestos Notifications, File #55641
Los Angeles, CA 90074-5641**

The contractor must also notify other local permit agencies and utility companies prior to starting any demolition activities. A copy of the notification form and attachments must be provided to the Engineer a minimum of 30 days prior to the start of work.

If the Contractor does not receive direction from the Engineer within 20 days after submittal that changes to the notification are required, or written confirmation of receipt and approval by the local APCD or AQMD, then an extension of time commensurate with the delay in completion of the work thus caused will be granted and the Contractor will be relieved from any claim for liquidated damages, or engineering and inspection charges or other penalties for the period covered by that extension of time; provided that the Contractor notifies the Engineer in writing of the causes of delay within 15 days from the beginning of the delay. The Engineer will ascertain the facts and the extent of the delay, and the Engineer's findings thereof must be final and conclusive.

Measurement and Payment

Full compensation for handling earth material containing lead, as described in this Special Provision, is included in the contract lump sum price paid for Asbestos Compliance and no additional compensation will be allowed.

Item 15: Earth Material Containing Lead. The following Special Provisions are added and made part hereof:

General

This work includes handling earth material containing lead under the Standard Specifications and these special provisions.

Submittals

Submit a lead compliance plan under Section 7-1.07, "Lead Compliance Plan," of the Standard Specifications.

Project Conditions

Lead is present in earth material within the project limits at average concentrations below 1,000 mg/kg total lead and below 5 mg/l soluble lead. Earth material within the project limits:

1. Is not a hazardous waste
2. Does not require disposal at a permitted landfill or solid waste disposal facility

Lead has been detected in earth material in unpaved areas of the highway. Levels of lead found within the project limits range from less than 5.0 to 37 mg/kg total lead with an average concentration of 14 mg/kg total lead as analyzed by EPA Test Method 6010 or EPA Test Method 7000 series and based upon a 95% Upper Confidence Limit. Levels of lead found within the project limits have a predicted average soluble concentration of 0.01 mg/l as analyzed by the California Waste Extraction Test and based upon a 95% Upper Confidence Limit.

Construction

Handle earth material containing lead under all applicable laws, rules, and regulations, including those of the following agencies:

1. Cal/OSHA
2. CA Regional Water Quality Control Board, Region _8-Santa Ana
3. CA Department of Toxic Substances Control

If earth material is disposed of:

1. Dispose of under Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications
2. Disclose the lead concentration of the earth material to the receiving property owner when obtaining authorization for disposal on the property
3. Obtain the receiving property owner's acknowledgment of lead concentration disclosure in the written authorization for disposal
4. You are responsible for any additional sampling and analysis required by the receiving property owner

If you choose to dispose of earth material at a commercial landfill:

1. Transport it to a Class III or Class II landfill appropriately permitted to receive the material
2. You are responsible for identifying the appropriately permitted landfill to receive the earth material and for all associated trucking and disposal costs including any additional sampling and analysis required by the receiving landfill.

Measurement and Payment

Full compensation for handling earth material containing lead, as described in this Special Provision, is included in the contract lump sum price paid for Lead Compliance Plan and no additional compensation will be allowed.

Item 16: Clean Expansion Joint. The following Special Provisions are added and made part hereof:

"All deck joints shown on the plans to be cleaned shall be cleaned as specified herein.

Cleaning shall include removal of all existing seal material, dirt, debris, damaged waterstop, and joint filler, and shall be accomplished by methods that do not damage existing sound concrete surfaces.

Joint size shall be verified after the joint has been cleaned.

The Contractor shall take necessary precautions to ensure that material removed from expansion joints does not fall onto public traffic, beneath the bridges. The Contractor shall submit for the Engineer's approval, details for preventing material, equipment, or debris from falling onto traffic.

Joints shall be cleaned above the waterstop, if it exists, to the depth shown on the plans.

Joints without waterstops and joints with waterstops with existing damage or damage caused by the Contractor, shall be cleaned down to the paving notch, unless otherwise directed by the Engineer.

All joint damage shall be repaired as directed by the Engineer.

Cleaning joints below existing damaged waterstops, if it exists, and repairing existing joint damage will be paid for as extra work as provided in Section 4-1.03D, "Extra Work," of the Standard Specifications. The cost of repairing damage caused by the Contractor's operations shall be borne by the Contractor.

Materials removed from the expansion joint, except for surface dust, shall be recovered and disposed of away from the site in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications.

Cleaning expansion joints will be measured by the linear foot for the length of the deck joint as shown on the plans.

Measurement and Payment

The contract price paid per linear foot for clean expansion joint shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in cleaning expansion joints, complete in place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer."

Item 17: Revision of Standard Plans List.

Refer to Standard Plans List, "Electrical Systems – Lighting Standards" section, page 370. The following standard plan is added and made part hereof:

ES-6F Electrical Systems (Lighting Standard, Types 30 and 31, Slip Base Plate Details)

Refer to Standard Plans List, "Electrical Systems – Signal and Lighting Standards" section, page 371. The following standard plan is added and made part hereof:

RSP ES-7B Electrical Systems (Signal and Lighting Standard – Type 1 Standards and Equipment Numbering)

Refer to Standard Plans List, "Electrical Systems – Signal and Lighting Standards" section, page 371. The following standard plans are deleted:

RSP ES-7D Electrical Systems (Signal and Lighting Standard – Case 2 Arm Loading, Wind Velocity = 100 mph, Arm Lengths 15' to 30')

RSP ES-7E Electrical Systems (Signal and Lighting Standard – Case 3 Arm Loading, Wind Velocity = 100 mph, Arm Lengths 15' to 45')

Item 18: Edison Line Extension. Attention is directed to Section 10-1.47 "Electrical Line Extension", on page 196. The twelfth paragraph states the following, "The SCE's line extension plan will be issued at a later date by Addendum or by Contract Change Order".

Preliminary SCE line extension plans, consisting of three sheets, are attached, designated as **Attachment "C"**, and are made a part hereof. Final plans are anticipated to be consistent with **Attachment "C"**, and will be provided to the successful contractor upon receipt by the County

Item 19: Remove Proposed Monument

Refer to Sheet 74 of 193 (S-2), the "Prop MONUMENT" is removed from the plan located adjacent to the "SB OFF-RAMP (RAM4)".

The addendum for Interstate 215 at Ramona Expressway Interchange Improvement Projects has been prepared under the direction of the following registered Civil Engineers:

BID BOND

Recitals:

1. Powell Constructors, Inc. "Contractor", has submitted his Contractor's Proposal to County of Riverside, "County", for the construction of public work for Project No. B8-0691 - Interstate 215 at Ramona Expressway/Cajalco * in accordance with a Notice Inviting Bids of County dated June 1, 2011.
2. Fidelity and Deposit Company of Maryland a Maryland corporation, hereafter called "Surety", is the surety of this Bond.

Agreement:

We, Contractor as principal and Surety as surety, jointly and severally agree and state as follows:

1. The amount of the obligation of this bond is 10% of the amount of the Contractor's Proposal, including bid alternates, and inures to the benefit of County.
2. This Bond is exonerated by (1) County rejecting said Proposal or, in the alternate, (2) if said Proposal is accepted, Contractor executes the Agreement and furnishes the Bonds as agreed to in its Proposal, otherwise it remains in full force and effect for the recovery of loss, damage and expense of County resulting from failure of Contractor to act as agreed to in its Proposal. Some types of possible loss, damage and expense are specified in the Contractor's Proposal.
3. Surety, for value received, stipulates and agrees that its obligations hereunder shall in no way be impaired or affected by any extension of time within which County may accept the Proposal and waives notice of any such extension.
4. This Bond is binding on our heirs, executors, administrators, successors and assigns.

Power of Attorney
FIDELITY AND DEPOSIT COMPANY OF MARYLAND

KNOW ALL MEN BY THESE PRESENTS: That the FIDELITY AND DEPOSIT COMPANY OF MARYLAND, a corporation of the State of Maryland, by THEODORE G. MARTINEZ, Vice President, and GREGORY E. MURRAY, Assistant Secretary, in pursuance of authority granted by Article VI, Section 2, of the By-Laws of said Company, which are set forth on the reverse side hereof and are hereby certified to be in full force and effect on the date hereof, does hereby nominate, constitute and appoint **Adriana VALENZUELA, of Fullerton, California**, its true and lawful agent and Attorney-in-Fact, to make, execute, seal and deliver, for, and on its behalf as surety, and as its act and deed: **any and all bonds and undertakings**, and the execution of such bonds or undertakings in pursuance of these presents, shall be as binding upon said Company, as fully and amply, to all intents and purposes, as if they had been duly executed and acknowledged by the regularly elected officers of the Company at its office in Baltimore, Md., in their own proper persons.

The said Assistant Secretary does hereby certify that the extract set forth on the reverse side hereof is a true copy of Article VI, Section 2, of the By-Laws of said Company, and is now in force.

IN WITNESS WHEREOF the said Vice-President and Assistant Secretary have hereunto subscribed their names and affixed the Corporate Seal of the said FIDELITY AND DEPOSIT COMPANY OF MARYLAND, this 6th day of August, A.D. 2008.

ATTEST:

FIDELITY AND DEPOSIT COMPANY OF MARYLAND

Gregory E. Murray

By:

Theodore G. Martinez

Gregory E. Murray Assistant Secretary

Theodore G. Martinez

State of Maryland }
City of Baltimore } ss:

On this 6th day of August, A.D. 2008, before the subscriber, a Notary Public of the State of Maryland, duly commissioned and qualified, came THEODORE G. MARTINEZ, Vice President, and GREGORY E. MURRAY, Assistant Secretary of the FIDELITY AND DEPOSIT COMPANY OF MARYLAND, to me personally known to be the individuals and officers described in and who executed the preceding instrument, and they each acknowledged the execution of the same, and being by me duly sworn, severally and each for himself depose and saith, that they are the said officers of the Company aforesaid, and that the seal affixed to the preceding instrument is the Corporate Seal of said Company, and that the said Corporate Seal and their signatures as such officers were duly affixed and subscribed to the said instrument by the authority and direction of the said Corporation.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my Official Seal the day and year first above written.
